Unfortunately, I'm most likely not available at all that week. Since Mike (our OSC for the removal) will be there, I can ask him to tag-team with Bob Romagnoli to do the presentation and Ray will be there to assist with the Q&A. If that works for all of you, then I will work with the 3 of them to prepare them for that.

Hi Liz, not sure anyone got back to you on this. I think we should try to do this in September as folks will be very interested, does the 18th work for you? I left it on the agenda and we can always adjust as makes sense.

Hi All.

Although I am intending to work with Bob Romagnoli on putting together the removal presentation and am hoping to be able to make the meeting, I was intending to do the presentation jointly with Bob. However, I just found out that there's a strong possibility I may not be able to make it on the 20th. I'm hoping that won't be the case, but if so, are you all comfortable with just having Bob give the summary presentation on the removal? If not, would it make sense to bump the removal summary yet again to when we'll actually be essentially 100% finished with the project in October? Please let me know as I'll be speaking with Tierra tomorrow once we get the confirmation on the date change to make sure they're still available. Thanks,
Liz

On Aug 31, 2012, at 4:27 PM, Dave Kluesner <Kluesner.Dave@epamail.epa.gov> wrote:

1) September 20 is good for Walter Mugdan, Superfund Director, to attend the CAG meeting. He will be presenting on the lower 8 mile FFS remedial options.

2) A call is needed, we propose:
Tues, 9/4, between 12:30 and 1:30
Wed after 1:30 pm
Thurs probably any time, but preferably after 9:30am.

As I understand it, the CAG could potentially focus on lower 8 mile options, Newark removal summary and Lyndhurst removal bench scale results, due 9/17, but not sure if we'd be ready to talk about it on 9/20. Probably too much?

Let's discuss next week. Enjoy your holiday weekend!

Hi all,

Passaic CAG chairs would like to have a call next Wednesday at 12:30 if a group of you are available, if

not, can you suggest other times that week.

thanks

On Aug 21, 2012, at 9:39 AM, Dave Kluesner <Kluesner.Dave@epamail.epa.gov> wrote:

Absolutely please bring him. We should have a CAG planning meeting next week. We have two major topics plus the BonJiornos who will want to take up some time re-hashing air issues over Newark removal and upcoming Lyndhurst project. not sure we have time for lengthy removal update (promised) plus Walter's in depth lower 8 options presentation and NRRB letter discussion. I am copying Liz and Alice and Doug Sarno and suggest we all conference with Sarno next Tuesday or Wednesday (Liz I believe is on vacation). Once we have a recommendation Doug can propose recommendation to Debbie and Carol. Any time Tuesday or Wednesday after 11 is good for me. Thursday good also.

Betsy Donovan has a mentee in the Drinking Water and Municipal Infrastructure Branch, Dan D'Agastino, who's interested in learning more and, possibly, helping out with the Passaic.

I mentioned the upcoming CAG meeting and he's interested in attending. Before I say yes, I just want to make sure neither of you have any concerns with this.

Ray -- this is the same person Eugenia had sent an email about. I had suggested he contact her to see if there were any technical things he could help with.

Thanks
